

DRAFT

# Progress Report 2: Effects Assessment Methods Milestone

*November 2023*

## Statement of Qualifications and Limitations: AECOM

The attached Report (the "Report") has been prepared by AECOM Canada Ltd. ("AECOM") for the benefit of the Client ("Client") in accordance with the agreement between AECOM and Client, including the scope of work detailed therein (the "Agreement").

The information, data, recommendations and conclusions contained in the Report (collectively, the "Information"):

- is subject to the scope, schedule, and other constraints and limitations in the Agreement and the qualifications contained in the Report (the "Limitations");
- represents AECOM's professional judgement in light of the Limitations and industry standards for the preparation of similar reports;
- may be based on information provided to AECOM which has not been independently verified;
- has not been updated since the date of issuance of the Report and its accuracy is limited to the time period and circumstances in which it was collected, processed, made or issued;
- must be read as a whole and sections thereof should not be read out of such context;
- was prepared for the specific purposes described in the Report and the Agreement; and
- in the case of subsurface, environmental or geotechnical conditions, may be based on limited testing and on the assumption that such conditions are uniform and not variable either geographically or over time.

AECOM shall be entitled to rely upon the accuracy and completeness of information that was provided to it and has no obligation to update such information. AECOM accepts no responsibility for any events or circumstances that may have occurred since the date on which the Report was prepared and, in the case of subsurface, environmental or geotechnical conditions, is not responsible for any variability in such conditions, geographically or over time.

AECOM agrees that the Report represents its professional judgement as described above and that the Information has been prepared for the specific purpose and use described in the Report and the Agreement, but AECOM makes no other representations, or any guarantees or warranties whatsoever, whether express or implied, with respect to the Report, the Information or any part thereof.

Without in any way limiting the generality of the foregoing, any estimates or opinions regarding probable construction costs or construction schedule provided by AECOM represent AECOM's professional judgement in light of its experience and the knowledge and information available to it at the time of preparation. Since AECOM has no control over market or economic conditions, prices for construction labour, equipment or materials or bidding procedures, AECOM, its directors, officers and employees are not able to, nor do they, make any representations, warranties or guarantees whatsoever, whether express or implied, with respect to such estimates or opinions, or their variance from actual construction costs or schedules, and accept no responsibility for any loss or damage arising therefrom or in any way related thereto. Persons relying on such estimates or opinions do so at their own risk.

Except (1) as agreed to in writing by AECOM and Client; (2) as required by-law; or (3) to the extent used by governmental reviewing agencies for the purpose of obtaining permits or approvals, the Report and the Information may be used and relied upon only by Client.

AECOM accepts no responsibility, and denies any liability whatsoever, to parties other than Client who may obtain access to the Report or the Information for any injury, loss or damage suffered by such parties arising from their use of, reliance upon, or decisions or actions based on the Report or any of the Information ("improper use of the Report"), except to the extent those parties have obtained the prior written consent of AECOM to use and rely upon the Report and the Information. Any injury, loss or damages arising from improper use of the Report shall be borne by the party making such use.

This Statement of Qualifications and Limitations is attached to and forms part of the Report and any use of the Report is subject to the terms hereof.

ToR.....	Terms of Reference
WSR.....	Webequie Supply Road

# 1. Introduction

## 1.1 Background

The Terms of Reference (ToR) for the Marten Falls First Nation (MFFN) Community Access Road (CAR or the Project) was approved with amendments on October 8, 2021 and the Notice of Commencement (NoC) of the provincial Environmental Assessment (EA) for the Project was posted on October 29, 2021. As part of the ToR Notice of Approval, Ontario's Minister of the Environment, Conservation and Parks (MECP) included an amendment requiring additional consultation reporting at key EA milestones. Visit <https://www.ontario.ca/page/marten-falls-community-access-road-project> to read the details on the Notice of Approval.

As required by the Minister of MECP, the development of progress reports on consultation activities associated with each of the following EA milestones are required to support Indigenous communities to provide meaningful input during the development of the EA:

- Notice of Commencement (NoC) of Provincial EA (referred to as NoC of EA);
  - Introduction of the Project.
- Effects Assessment Methods; and
  - Development of Effects Assessment methodology, as well as review by regulators.
  - Presentation of Effects Assessment methodology at PICs .
- Identification of Preferred Alternatives.
  - Development of valued component metrics tables and evaluation of information
  - Development of preliminary preferred alternative
  - Validation of information with Marten Falls First Nation Chief and Council and community members.
  - Confirmation of the preferred alternative.

Each progress report is required to:

- Be organized by each Indigenous community;
- Contain a consultation log and summary that tracks consultation activities, information shared by the MFFN CAR Project Team with Indigenous communities, any community input and MFFN CAR Project Team's responses to such input for the EA milestone; and
- Contain a discussion of how any input and information provided by the Indigenous communities have informed the development of the EA milestone.

The progress reports are to be shared with MECP, with community-specific sections shared with each individual Indigenous community before MFFN can move to the next milestone of the EA / IA. If questions or concerns are raised by MECP or an Indigenous community, the MFFN CAR Project Team will make revisions to the progress reports, if necessary, and encourage opportunities to meet in-person or virtually to discuss with the interested community.

This report is the second progress report and pertains to activities related to both the EA and IA processes. The time period begins the day after the first progress report concluded July 1, 2022 and ends May 31, 2023. The Effects Assessment Methods milestone is expected to extend past May 31, 2023 , however, due to the time to develop this report, any information missed during this phase will be included in the next progress report for Identification of Preferred Alternatives which is expected to begin in fall 2023.

The final progress reports will be appended, along with any relevant updates, to the Record of Consultation and Engagement submitted with the draft and final EA / IS.

This progress report provides a detailed account of all communication exchanged with the MFFN CAR Project Team and neighbouring Indigenous communities from July 1, 2022, to May 31, 2023 as part of the Effects Assessment Methods milestone. Note that government agencies and interested persons<sup>1</sup> are not included in progress reports, however, their sections will be included in the Record of Consultation and Engagement for the draft and final EA / IS. **Section 1.5** includes details about the neighbouring Indigenous communities.

The first section of this progress report provides an overview of the Project and outline of the approach to consultation and engagement, the second section describes the consultation and engagement activities undertaken during this time period, and the third section summarizes activities and discussions that occurred with the MFFN CAR Project Team and neighbouring Indigenous communities.

## 1.2 About the Progress Report

This progress report provides an overview of consultation and engagement carried out between the NoC of EA and after PIC #3 (July 1, 2022 to May 31, 2023). In accordance with the MECP Code of Practice, the progress report has been prepared to:

- Identify Indigenous communities consulted and engaged during this time period and describe how they were identified (confidential information will not be provided);
- Describe the consultation and engagement activities that took place including methods, schedule of events, notification that was given about the activity and materials used;
- Describe how interested Indigenous communities were identified and how they were consulted;
- Summarize clearly and accurately the comments made by all Indigenous communities;
- Describe the Proponent's response and how concerns were considered in the NoC of EA milestone or will be considered and / or addressed in the EA / IS;
- Describe any outstanding concerns; and
- Include appendix reference to minutes of any meetings held and written comments received.

Logistical correspondence (e.g., scheduling a meeting) has not been included in the appendices but has been tracked separately. The only instance when logistical correspondence has been included as an appendix is when a meeting was not scheduled or was postponed; this information is included to show level of effort.

## 1.3 Approach

As outlined in the Consultation and Engagement Plan to Support the EA / IS (Appendix B of the ToR), the Effects Assessment Methods milestone was focused on the following activities and request for targeted input:

- **Planned Activities for Indigenous communities:**
  - Circulate Notice of Public Information Centres (PIC)
  - Engagement of Community Consultation Co-ordinators, as appropriate and by expressed community interest

---

1. *Interested persons is used to describe individuals and groups (e.g., associations, non-government organizations, industry and academia) who could have an interest in the Project, including but not limited to communities in the region, those with commercial interests (e.g., forestry, trappers, outfitters, other mineral tenure holders in the area) and recreational users or those with recreational interest (e.g., campers, hunters and environmental groups).*

- Hold Indigenous leadership and community discussions / meetings, considering applicable and relevant subgroups (e.g., women, youth, elders)
- Additional PICs (in-person / or virtual)
- Plain language Project updates (translated, as required)
- Key informant interviews
- Website update
- Newsletter and email update(s)
- Social media update(s)
- Follow-up communication to confirm information was received and the material(s) provided were understood

■ **Targeted Input (request information to determine and identify):**

- Indigenous community values and topics of interest
- Potential effects and impact management measures to be considered
- Impacts of Project on Aboriginal or Treaty Rights and potential impact management measures to avoid, mitigate and off-set the impact(s)
- Seek confirmation whether input and feedback provided during the previous milestone was captured appropriately

The following additional activities and request for targeted input took place during the Effects Assessment Methods milestone, including:

■ **PIC #4: EA / IS Phase #1 Introduction**

An in-person PIC (with supporting virtual materials) for the Effects Assessment Methods Milestone took place on Wednesday December 7, 2022 in Thunder Bay and on Thursday, December 8, 2022 in Geraldton. Indigenous community members were invited to attend for the first hour of each meeting and stay for the remainder of the event; the public was invited to join during the second hour of the event.

PIC #4 provided information on: an overview to the Project; updates since PIC #3; existing conditions results for completed studies, assessment of impacts and comparison of route alternatives; preliminary results of field studies and information on upcoming field studies; IK and ATRI; effects assessment; achieving the next major milestone: process for identifying the preferred route and how route alternatives will be assessed, recommended and a preferred route chosen.

PIC #4 content, including opportunities for feedback, was also provided to MFFN members at an in-community meeting on November 2, 2022; feedback provided is included in MFFN's section in **Section 3**. More details about the summary of consultation and engagement for PIC #4 are provided in **Section 1.7**.

■ **Aboriginal Treaty Rights and Interests (ATRI) and Indigenous Knowledge (IK) Program**

An important part of the assessment process is collecting IK and information on Indigenous land and resource use to help understand baseline (existing) conditions, predict the potential effects of the Project, and determine appropriate mitigation and monitoring measures. The IK Program was developed with the aim to collect IK relevant to the Project and information on Indigenous land and resource use in the vicinity of the Project area. The IK Program strives to collaborate with interested Indigenous communities and to discuss how relevant information will become part of the assessment processes and Project planning and design. During this reporting time period, an update on the Project IK Program with an updated schedule and timeline was distributed to Indigenous communities. Ongoing follow-up regarding the IK Program also took place.

An ATRI Forum was held in Thunder Bay on February 8 and 9, 2023, with the Province offering to fund 2-3 participants from each Indigenous community to attend the event in person. The forum provided a private

and inclusive space for representatives of Indigenous communities to meet with representatives from the Province and the Project Teams for the Marten Falls First Nation Community Access Road, Northern Road Link and Webequie Supply Road.

#### ■ **Field Studies and Education, Consultation and Engagement on Valued Components**

Several field programs took place during the NoC of EA milestone. To help Indigenous communities better understand the field studies related to valued components, Discussion Guides were distributed with plain language information about what the Project is studying, why it is important and questions to solicit feedback before the studies take place. Educational videos and webinars on valued components were also shared online.

#### ■ **Raising Awareness**

Several activities were completed related to raising awareness on the Project and encouraging opportunities to meet with the MFFN CAR Project Team. Monthly electronic newsletters were distributed (referred to as E-Blasts) and always included a section seeking those interested to reach out and schedule a meeting with the MFFN CAR Project Team, a public social media account was created and the private MFFN members only Facebook account was used to share information and promote upcoming events.

## 1.4 Project Notifications and Information Releases

A formal notice and invitation to PIC #4 was published on the Project website ([www.martenfallsaccessroad.ca/documents/#notices](http://www.martenfallsaccessroad.ca/documents/#notices)) on November 22, 2022 in English, Cree, French, Ojibway and Oji-Cree and distributed in print, online and on the radio via multiple outlets, as outlined below.

Copies of the formal notice, in each language, are provided in **Appendix A7**.

#### ■ **Print Advertisements:**

- The Chronicle Journal: November 22, 2022
- Geraldton Times Star: November 23, 30 and December 7, 2022
- Thunder Bay Source: November 24 and December 1, 2022

#### ■ **Online Advertisements**

- MFFN All Season Community Access Road Project Website ([www.martenfallsaccessroad.ca/documents/#notices](http://www.martenfallsaccessroad.ca/documents/#notices)): November 22, 2022
- MFFN CAR Facebook page: November 23, December 1, 5, 6, 7 and 8, 2022
- MFFN members only Facebook page: December 1, 6, 7 and 8, 2022
- Greenstone Community Calendar: November 23, 2022
- Northern Ontario Business: November 22, 2022
- NWO NewsWatch: November 22, 2022
- SN NewsWatch: November 22, 2022
- Thunder Bay News Watch: November 23 – December 9, 2022
- Windspeaker: November 29 – December 9, 2022

#### ■ **Radio Advertisements**

- Wawatay Radio: three times per day on November 29, 30, December 1, 2, 5, 6, and 7, 2022 (in English, Ojibway, and Oji-cree)
- CFNO Radio, 91-5 CKPR and Rock94 Radio: November 28 – December 9, 2022

The electronic Project mailing list (anyone who opts-in to receive Project emails) also received the notice on November 22, 2022, which includes the following groups:

- MFFN Chief, Council members and community members
- MFFN CAR Project Team
- Indigenous community key contacts (as requested by Indigenous communities), e.g., Chief and Council members, consultants and / or band office contacts
- Tribal Councils, Provincial Territorial Organizations and Métis Nation
- Indigenous Peoples (i.e., Indigenous community members who opted in and are not identified as key contacts)
- Businesses
- Tourism operators
- Community and interest groups and non-governmental organizations
- Forest management companies
- Mining claim holders
- Unaffiliated members of the public
- Emergency medical services and law enforcement
- Political parties and their contacts
- Neighbouring projects and their key contacts
- Government Review Team (GRT)
- Non-GRT government representatives

In addition to PIC #4 notifications, the Project website ([www.martenfallsaccessroad.ca](http://www.martenfallsaccessroad.ca)) was periodically updated with Project information including all relevant Project notices (e.g., NoC of EA, Discussion Guides, videos, monthly E-Blasts) and other Project-related materials such as mapping. More details are included in **Section 2** below.

## 1.5 Summary of Indigenous Community and Organization Consultation

As outlined in Milestone Progress Report #1, 23 Indigenous communities were identified for engagement. This list is included in Table 1-1.

**Table 1-1: Identified Indigenous Communities, including their Provincial Territorial Organizations and / or Tribal Council Affiliations**

Tribal Council Affiliation	Community or Organization
<b>Matawa First Nations Management</b> (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> <li>■ <b>Marten Falls First Nation</b> (Proponent and potentially affected Indigenous community)* +</li> <li>■ Aroland First Nation* +</li> <li>■ Constance Lake First Nation* +</li> <li>■ Eabametoong First Nation (Fort Hope)* +</li> <li>■ Ginoogaming First Nation* +</li> <li>■ Neskantaga First Nation* +</li> <li>■ Nibinamik First Nation* +</li> <li>■ Webequie First Nation* +</li> </ul>
<b>Matawa First Nation and the Union of Ontario Indians</b> (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> <li>■ Long Lake #58 First Nation* +</li> </ul>
<b>Mushkegowuk Council</b> (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> <li>■ Attawapiskat First Nation* +</li> <li>■ Fort Albany First Nation* +</li> <li>■ Kashechewan First Nation*</li> </ul>

Tribal Council Affiliation	Community or Organization
<b>Shibogama First Nations Council</b> (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> <li>■ Kasabonika Lake First Nation* +</li> <li>■ Kingfisher Lake First Nation</li> <li>■ Wapekeka First Nation</li> <li>■ Wawakapewin First Nation</li> <li>■ Wunnumin Lake First Nation</li> </ul>
<b>Independent First Nations Alliance</b>	<ul style="list-style-type: none"> <li>■ Kitchenuhmaykoosib Inninuwug First Nation</li> </ul>
<b>Independent First Nations</b> (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> <li>■ Mishkeegogamang First Nation</li> <li>■ Weenusk First Nation +</li> </ul>
<b>Nokiiwin Tribal Council</b>	<ul style="list-style-type: none"> <li>■ Animiigoo Zaagi'igan Anishinaabek First Nation (AZA)</li> </ul>
<b>Métis Nation of Ontario (MNO)</b>	<ul style="list-style-type: none"> <li>■ Métis Nation of Ontario (MNO), Region 2</li> </ul>
<b>Independent Métis Nation</b>	<ul style="list-style-type: none"> <li>■ Red Sky Métis Independent Nation (RSMIN)</li> </ul>

Notes: + Indicates Indigenous communities or organizations who are participating in the Indigenous Knowledge Program.

\* Indicates Indigenous communities or organization that have been invited to participate in the Community Coordinator Program.

As of May 31, 2023, the Project has received communication from 18 of these communities and MNO. Those communities MFFN has met with during Effects Assessment Methods milestone are indicated with an asterisk (\*) below:

- Marten Falls First Nation\*;
- Aroland First Nation;
- Attawapiskat First Nation;
- Constance Lake First Nation\*;
- Eabametoong First Nation (Fort Hope)\*;
- Fort Albany First Nation;
- Ginoogaming First Nation\*;
- Kasabonika Lake First Nation;
- Kashechewan First Nation;
- Kingfisher Lake First Nation;
- Long Lake #58 First Nation\*;
- Metis Nation of Ontario\*;
- Neskantaga First Nation;
- Nibinamik First Nation;
- Webequie First Nation;
- Weenusk First Nation
- RSMIN;
- AZA; and
- Kitchenuhmaykoosib Inninuwug First Nation.

The remaining five communities have not communicated with MFFN between July 1, 2022 and May 31, 2023. MFFN remains available to meet with these communities in the future and continues outreach on an ongoing basis; providing the same milestone information (e.g., Discussion Guides, monthly E-Blasts, notifications, field notices) offered to all of the 23 Indigenous communities being engaged. These communities include:

- Wunnumin Lake First Nation;
- Wapekeka First Nation;
- Wawakapewin First Nation;
- Mishkeegogamang First Nation; and
- Métis Nation of Ontario, Region 2.

Those Tribal Councils, Nations and Alliances listed in the table above, as well as the Chiefs of Ontario and Union of Ontario Indians, have been identified as potentially interested in the Project, and have been provided with information and MFFN remains available to meet, throughout the EA / IA process.

MFFN is currently consulting and engaging with Indigenous communities identified by the MECP and the Agency and will continue to do so throughout the EA / IA, as per the level of interest expressed by each community. MFFN, as the Proponent, will also continue to work with communities to collect IK to incorporate into the EA / IS regarding traditional land and resource use and cultural practices.

To help achieve an appropriate level of consultation and engagement related to the Project, (i.e., frequency and depth of consultation and engagement), the list of communities being engaged was considered against the following:

- Expressed interest (to-date) in the proposed MFFN Community Access Road, including applying to Ministry of Mines and the Agency for capacity funding, participation in the Indigenous Knowledge program or participation in the Community Coordinator program;
- Aboriginal or Treaty Rights, including any rights that neighbouring Indigenous communities themselves have identified, may be adversely affected by the Project;
- Geographical distance or proximity to the study area;
- Situated downstream of the Project and with a potential to experience effects to water courses as a result of the Project;
- Traditional and / or current land use within the study area or of lands potentially affected by the Project;
- Potential for effects on the environmental, health and social and economic conditions of neighbouring Indigenous communities; and,
- Provided comments on the EA / IA processes.

MFFN has adjusted the approach to engaging each indigenous community based on this criteria, but understands the list may evolve as new information becomes available and more neighbouring Indigenous communities engage in the consultation and engagement opportunities provided.

All 23 identified Indigenous communities have been contacted regularly by the MFFN CAR Project Team with conversations ranging from: field study / valued component (e.g., educational videos and webinars); information and surveys; regular Project email updates, including monthly E-Blasts; in-person outreach (via telephone and email); the IK Program; Community Co-ordinator Program; PIC #4; invitation to the ATRI Forum, and offers to meet (e.g., Chief and Council meetings followed by meetings with the broader community). Comments, issues and questions received from Indigenous communities that can be shared publicly are included in **Section 3**.

In summary, the MFFN CAR Project Team has provided / offered many opportunities to consult and engage the identified Indigenous communities, including (with specific details in the Consultation Snapshot table in **Section 2**):

- Distributed Draft interim Record of Consultation and Engagement (RoCE) and Milestone #1 Progress Report, which include community-specific chapters individually provided to the respective indigenous community via email;
- Completed follow-up phone calls and emails to confirm receipt of notifications and other distributed materials;
- Circulated Project updates, including 10 E-Blasts;
- Sent emails and phone calls to confirm interest in being consulted on the Project (for communities that had not yet expressed interest);
- Held conference calls / in-person meetings with community representatives and / or community meetings with Indigenous communities;
- Distributed field notices and updates regarding specific programs;
- Circulated IK Program update, including updated schedule;
- Completed follow-up via phone calls and emails regarding E-Blast contents, field programs and corresponding Discussion Guides, Community Co-ordinator Program, IK Program and ATRI forum;
- Offered to meet;

- Circulated Community Co-ordinator Program letter offering to hire members of specific Indigenous communities as Project-specific Community Co-ordinators. A description of the role was provided and offer to setup a meeting to discuss further;
- Distributed Notice of PIC #4 Introduction of EA / IS;
- Held PIC #4 in Thunder Bay and Geraldton, along with an in-community MFFN meeting, and online version of the PIC #4;
- Distributed three plain language videos showcasing different valued components and supporting content in Field Study Discussion Guide and Notices;
- Held meetings with MFFN Chief and Council and broader community;
- Hosted a Valued Components Webinar Series; and
- Held the ATRI Forum in person.

Specific Indigenous communities were also offered funding through the Community Co-ordinator Program—these communities have been most engaged and active on the Project or have indicated interest in engaging on the Project and requiring financial support. In addition, MFFN and Aroland First Nation members were also offered employment opportunities as Field Study Support Staff to assist with field programs. Between July 1, 2022, and May 31, 2023, 31 Field Study Support Staff opportunities were filled by ten (10) MFFN community members.

## 1.6 Summary of Input and Information Received and EA Milestone Development

The following **Table 1-2** describes a high-level summary of input and information received during this reporting time period and how this information has informed the EA milestone development or will inform the EA. While there was some specific feedback received that has directly informed the EA milestone development / EA, the majority of feedback was broad with limited specific details (therefore requiring on-going follow-up and additional details from source commenters) or were more general interests or concerns. The MFFN CAR Project Team will continue to follow-up and seek additional details.

**Table 1-2: Summary of Input and Information Received and EA / Milestone Development**

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
<p><b>Specific Feedback Provided on Environmental Existing Conditions</b></p> <ul style="list-style-type: none"> <li>■ Specific feedback was provided on the bird field program, including birds observed and comments on their habitats.</li> <li>■ Specific feedback was provided on the wolverine field program.</li> <li>■ Confidential information regarding the Albany River was provided and is considered as IK.</li> <li>■ Caribou were identified in the District of Kenora (between points I and H of the MFFN CAR route).</li> <li>■ Request to participate in field studies.</li> <li>■ Feedback on footprint was provided, specifically on aggregates.</li> </ul>	<ul style="list-style-type: none"> <li>■ Birds and comments on their habitats were noted for the bird field program.</li> <li>■ One site of the wolverine hair snag was changed based on feedback provided.</li> <li>■ The EA has been informed by confidential information regarding the Albany River and details are being kept confidential.</li> <li>■ The general identification of caribou location(s) has been noted.</li> <li>■ Members of Aroland First Nation were invited to participate in the Groundwater and Geochemistry field program, including a flyover and planning for subsequent drilling program (outside of this reporting time period); any feedback provided during the flyover will be considered as part of the EA.</li> <li>■ Footprint comments were recorded to be considered in the route selection.</li> </ul>

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
<p><b>Concerns Related to Environmental Existing Conditions; Additional Details Required</b></p> <ul style="list-style-type: none"> <li>■ It was noted that a spawning area could be relocated if it would be disrupted by the Project</li> <li>■ Concern was expressed for watersheds</li> <li>■ Concern was expressed regarding caribou migration and impacts to gathering rights</li> <li>■ Concern was expressed related to salting on the road and impacts to nearby rivers</li> <li>■ Alternative 1 of Segment FG was identified as a sensitive and a very precious area.</li> <li>■ It was noted that the Projet should not impede fish passage.</li> </ul>	<ul style="list-style-type: none"> <li>■ Relocating spawning areas has not yet been determined due to insufficient details provided. On-going follow-up is taking place to receive additional information to help identify the spawning area.</li> <li>■ More specific details are required related to concerns for watersheds. As part of the alternative selection, effects to Natural Environment will be taken into consideration.</li> <li>■ More specific details are required related to concerns for caribou migration and impacts to gathering rights.</li> <li>■ The concern regarding salting and nearby rivers has been noted and maintenance of the Community Access Road, including usage of salt, will be one of the indicators for the evaluation.</li> <li>■ Comment on Alternative 1 of Segment FG was noted and will be considered in the route selection.</li> <li>■ Comment on fish passage will be considered when developing mitigation measures.</li> </ul>
<p><b>Interests Related to Environmental Existing Conditions; Additional Details Required</b></p> <ul style="list-style-type: none"> <li>■ Several communities indicated interest in different topics related to existing conditions without providing specific feedback or comments. Some examples include receiving field study results when they become available for caribou</li> </ul>	<ul style="list-style-type: none"> <li>■ Interest in topics has been noted for each community. The MFFN CAR Project Team continues to distribute Discussion Guides related to field studies, educational videos and is planning upcoming webinars on valued components. Early observations and methods for field studies completed to-date were provided at PIC #3 and will be expanded as more information becomes available. Meetings will continue to be offered based on specific topics of interest to solicit additional feedback and issues.</li> </ul>
<p><b>Route Alignment</b></p> <ul style="list-style-type: none"> <li>■ A variety of comments were provided on the route alignment near MFFN, including: river and ice levels can be high near MFFN and there are locations where the bank is eroding and could affect the road; intense rain could damage the road and impact streams due to erosion; safety concerns were raised regarding truck activities (including dust, noise, low visibility and speeding) north of the airport and children who play in the same area; and concerns regarding how the Community Access Road may interfere with MFFN community activities (e.g., gathering firewood, social events)</li> </ul>	<ul style="list-style-type: none"> <li>■ Concerns related to the route alignment closer to MFFN have been noted and will be considered as part of the EA. As part of the EA, the evaluation will identify the preferred route for the Community Access Road, temporary infrastructure and aggregate sources with the least potential for negative effects, greatest opportunity for mitigating negative effects and greatest benefits to the community. Safety will be considered as part of the technical considerations and issues such as water level and erosion will also be considered as part of technical considerations and examined under Natural Environment.</li> </ul>
<p><b>Cumulative Effects, Road Projects and Regional Assessment</b></p> <ul style="list-style-type: none"> <li>■ Some communities expressed concerns regarding cumulative effects / impacts in the Project area, including the scope of the EA, impacts from all three road projects (the Community Access Road, Webequie Supply Road and Northern Road Link), the Regional Assessment and a moratorium on the Ring of Fire activities.</li> </ul>	<ul style="list-style-type: none"> <li>■ Some of the comments received were directed to government agencies (e.g., NDMNRF, MECP, the Agency) to respond to as they were outside of the scope of the Community Access Road Project. In terms of cumulative effects, if specific details are provided they will be considered as part of the EA; the EA will predict cumulative effects of the preferred alternative with the effects of past, present and reasonably foreseeable projects. Cumulative effects assessment methods will be shared during the Identification of Preferred Alternatives milestone.</li> </ul>
<p><b>Impacts from COVID-19</b></p> <ul style="list-style-type: none"> <li>■ Some communities expressed inability to effectively engage with their community members due to the COVID-19 pandemic.</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Team continues to work with each Indigenous community's preference in how they would like to be consulted and engaged, whether virtually or in-person and in light of the COVID-19 pandemic or other crises. Custom consultation plans and protocols were also offered and will be followed up on with communities who expressed interest.</li> </ul>
<p><b>Timeline Extensions</b></p> <ul style="list-style-type: none"> <li>■ Some communities requested extended Project timelines, for both the provincial and federal processes.</li> </ul>	<ul style="list-style-type: none"> <li>■ On November 4, 2022, a request for an IS extension was submitted, and was granted on January 13, 2023. On November 25, 2022, the MFFN CAR Project Team advised</li> </ul>

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
	communities of the IS Extension Request. Communities were advised of the IS timeline extension approval on January 13, 2023 by IAAC.
<p><b>Request for Funding</b></p> <ul style="list-style-type: none"> <li>Some communities expressed need for provincial participant funding to participate in consultation and engagement activities. There has also been ongoing coordination to onboard communities to the IK Program and Community Coordinator Program, with funding provided by the MFFN CAR Project Team.</li> </ul>	<ul style="list-style-type: none"> <li>While participant funding is issued by the Province and not the MFFN CAR Project Team, requests were shared with the province to respond to.</li> <li>Additional funding for Indigenous communities include participation in the IK Program and Community Coordinator Program. The MFFN CAR Project Team has followed up with Indigenous communities via phone and email throughout this milestone regarding funding opportunities.</li> </ul>

**Section 2** provides an overview of consultation and engagement activities during the Effects Assessment Methods Milestone.

A detailed record of the efforts made to consult and engage with each of the 24 Indigenous communities and communication received from the communities from July 1, 2022 to May 31, 2023 is provided in **Section 3**. The following sections summarize key consultation activities and issues received through consultation and engagement activities during this time period. The report for each community also includes discussion of how any input and information provided by the Indigenous communities have informed the development of the EA milestone.

**Appendix A** of this report includes copies of Project distributions sent to Indigenous communities and others including monthly E-Blasts, Field Notices and Field Study Discussion Guides. **Appendix B** of this report includes copies of distributions to Indigenous communities including, presentations, meeting summaries, if applicable. This overview and appendix materials are provided to Indigenous communities for their review before moving into the next milestone, Identification of Preferred Alternatives.

## 2. Consultation Snapshot

The table below provides an overview of consultation and engagement activities during the Effects Assessment Methods Milestone. Issues received through consultation and engagement activities during this milestone are included in **Section 3**.

**Table 2-1: Consultation Snapshot – From October 29, 2021 to May 31, 2023**

Items in black occurred during the NoC of EA Milestone between October 29, 2021 to June 30, 2022. Items in blue occurred during the Effects Assessment Methods Milestone from July 1, 2022 to May 31, 2023.

	Indigenous Communities	Interested Persons	Agencies & Government Bodies
<b>Community Coordinator Program</b>			
■ Distribution of letter introducing the Community Coordinator Program to 13 neighbouring Indigenous communities including job posting (March 17, 2022)	✓		
■ Teleconference with Constance Lake First Nation to discuss the Community Coordinator Program (and the IK Program) (April 21, 2022)	✓		
■ Ongoing outreach to 13 Indigenous communities to address questions and discuss details of the Community Coordinator Program (April – May, 2022; Jan, 2023)	✓		
<b>Planned Future MFFN CAR Consultation and Engagement Activities</b>			
■ Ongoing conversations with 13 Indigenous communities regarding the IK Program, as needed (e.g., Aroland First Nation and Constance Lake First Nation).	✓		
■ Ongoing conversations with 13 Indigenous communities regarding participation in the Community Coordinator Program, eventual hiring and onboarding in the role.	✓		
■ Ongoing follow-up to set-up meetings with Indigenous communities and ask about ATRI.	✓		
■ Ongoing planning for MFFN in-community meeting in October	✓		
■ Ongoing planning for PIC #5 in Thunder Bay and Geraldton in October	✓	✓	✓

## 3. Consultation and Engagement with Indigenous Communities, Provincial and Territorial Organizations and Tribal Councils

### 3.1 Consultation and Engagement with Indigenous Communities

To summarize overall engagement with each Indigenous community, the following analytics were performed:

The **Level of Engagement Effort and Response** bar graph reflects the efforts taken by the MFFN CAR Project Team to engage Indigenous communities and the level of response received. Communications channels considered include **email correspondence** (outgoing & incoming), **phone correspondence** (outgoing & incoming), and **meetings offered in comparison to meetings scheduled**, by any means of communication.

- **Email Correspondence** reflects all personalized emails sent between the MFFN CAR Project Team and Indigenous communities.
  - **Outgoing Email Correspondence** reflects all personalized emails sent from the MFFN CAR Project Team to a specific Indigenous community; mass communications sent to all communities by the MFFN CAR Project Team are not considered in this calculation.
  - **Incoming Email Correspondence** includes emails received from an Indigenous community directly to MFFN CAR Project Team; emails that only confirm receipt of an outgoing email or emails where the MFFN CAR Project Team are copied but not directly mentioned are not included.
- **Phone Correspondence** reflects all call attempts between the MFFN CAR Project Team and an Indigenous community.
  - **Outgoing Phone Calls** reflect all phone calls made by the MFFN CAR Project Team to an Indigenous community. **Answered Phone Calls** includes those calls that were answered immediately by the intended recipient or were returned at a later time when the contact was available.
  - **Incoming Phone Calls** reflect instances where Indigenous communities contacted MFFN CAR Project Team without a previous outgoing phone call.
- **Meetings Offered vs. Held** reflects the efforts taken by the MFFN CAR Project Team to schedule a meeting in comparison to the number of meetings achieved between the Indigenous community and the MFFN CAR Project Team.

### 3.2.2 Métis Nation of Ontario (MNO)

Community Profile	
<b>Location:</b>	226 South May Street, Main Floor, Thunder Bay, ON P7E 1B4
<b>Tribal Council:</b>	Thunder Bay Métis Nation, MNO Superior North Shore Métis Council
<b>Treaty:</b>	N/A
<b>Project Team Lead:</b>	Lauren Weseluck

Summary of Participation During Reporting Period	
<b>Date of Last Outgoing Communication from MFFN CAR Project Team or Consultant (Email or Phone)</b>	<i>May 31, 2023 (Email)</i>
<b>Date of Last Incoming Communication from Community (Email or Phone)</b>	<i>May 23, 2023 (Email)</i>
<b>Participating in IK Program:</b>	Status of IK Sharing Agreement: <i>Offered</i>
	Status of IK Funding Agreement: <i>Not offered</i>
	IK information provided: <i>No</i>
<b>Participating in Community Coordinator Program</b>	<i>Not Offered</i>

Key Consultation and Engagement Activities Undertaken During the Reporting Period	
Date	Consultation and Engagement Activity
Jul 13, 2022	Follow-up email sent regarding teleconference with Métis Nation of Ontario (MNO) to discuss the IK Program (February 4, 2022).
Jul 14, 2022	The feedback form deadline for PIC #3 was extended and the PIC #3 materials were reshared.
Jul 26, 2022	July 2022 MFFN CAR E-Blast distributed via email.
Jul 29, 2022	Groundwater and Geochemistry Field Notice distributed via email.
Jul 29, 2022	Phone call and email made to request participation in Engagement Questionnaire.
Aug 02, 2022	Follow-up email regarding communication for the Project.
Aug 18, 2022	An IK Program Update on the Proposed ATRI Study Areas Memo and ATRI Shapefiles were distributed via email.
Aug 18, 2022	Follow-up on the Proposed ATRI Study Areas Memo and ATRI Shapefiles.
Aug 19, 2022	August 2022 MFFN CAR E-Blast distributed via email.
Aug 19, 2022	Follow-up email regarding the Project.
Aug 23, 2022	Follow-up about ATRI.
Sep 16, 2022	Field programs update distributed via email.
Sep 20, 2022	Follow-up call regarding the Project.
Sep 20, 2022	Follow-up email regarding the Project.
Sep 21, 2022	Follow-up email regarding the Project.
Sep 29, 2022	September 2022 MFFN CAR E-Blast distributed via email.
Nov 02, 2022	October 2022 MFFN CAR E-Blast distributed via email.
Nov 10, 2022	Webinar Series notice distributed via email.
Nov 15, 2022	Follow-up email to discuss Project updates.
Nov 15, 2022	Follow-up phone call to discuss Project updates.
Nov 22, 2022	PIC #4 Notice Distributed
Nov 25, 2022	November 2022 MFFN CAR E-Blast distributed via email.
Nov 28, 2022	Follow-up call for PIC #4
Nov 28, 2022	Follow-up call on PIC #4
Dec 01, 2022	Winter / Spring 2023 Field Notice distributed via email.
Dec 07, 2022	Follow-up for PIC #4
Dec 06, 2022	Draft Interim RoCE and Milestone #1 Progress Report distributed via email for review.
Dec 14, 2022	PIC #4 materials and online feedback form distributed via email.
Dec 16, 2022	Draft RoCE distributed for review.
Dec 20, 2022	December 2022 MFFN CAR E-Blast distributed via email.
Jan 05, 2023	Thank you email distributed to registrants for the Ungulates and Furbearers webinar.
Jan 10, 2023	Reminder for the Archaeology and Cultural Heritage Webinar distributed via email.
Jan 12, 2023	Thank you email distributed to registrants for the Archaeology and Cultural Heritage Webinar.
Jan 13, 2023	Invitation to ATRI Forum was distributed.
Jan 17, 2023	Reminder for the Vegetation and Physiography Webinar distributed via email.
Jan 18, 2023	Thank you email distributed to registrants for the Vegetation and Physiography Webinar.

### Key Consultation and Engagement Activities Undertaken During the Reporting Period

Date	Consultation and Engagement Activity
Jan 27, 2023	Follow-up to furbearer winter tracking field program notice distributed via email.
Jan 27, 2023	MNO confirmed that the Interim RoCE and Milestone #1 Progress Reports were reviewed and no comments / edits were made.
Jan 30, 2023	January 2023 MFFN CAR E-Blast distributed via email.
Feb 01, 2023	Reminder for the ATRI Forum distributed via email.
Feb 01, 2023	Thank you email distributed to registrants for the Peatlands Webinar.
Feb 03, 2023	Archaeology Assessment Reports for Stage 1 and Stage 2 distributed via email.
Feb 08 and 09, 2023	Representatives from MNO attended ATRI Forum #1.
Feb 15, 2023	Follow-up on ungulate aerial survey notice distributed via email.
Feb 16, 2023	Thank you email distributed to registrants for the Air Quality, Greenhouse Gas Emissions and Climate Change Webinar.
Feb 21, 2023	Reminder for the Socio-Economic Studies Part I Webinar distributed via email.
Feb 22, 2023	Thank you email distributed to registrants for the Socio-Economic Studies Part I Webinar.
Feb 28, 2023	February 2023 MFFN CAR E-Blast distributed via email.
Feb 28, 2023	The MNO provided feedback on the Interim RoCE Reports. Specific concerns related to archaeology were noted and a meeting was requested.
Feb 28 - Apr 27	Coordination of a meeting with IAAC and MFFN CAR Project to discuss the MNO's concerns regarding Metis archaeology in the reports.
Mar 09, 2023	Field Programs updates distributed via email.
Mar 14, 2023	Reminder for the Groundwater and Geochemistry Webinar distributed via email.
Mar 16, 2023	Phone call and email follow up to discuss the MNO's concerns related to the Stage 1 and Stage 2 Archaeological Reports and to coordinate a meeting.
Mar 21, 2023	Reminder for the Birds Webinar distributed via email.
Mar 22, 2023	Sent an email regarding the IK Program timeline. An update letter was attached with more information.
Mar 24, 2023	Thank you email distributed to registrants for the Birds webinar.
Mar 28, 2023	Reminder for the Reptiles, Amphibians, Insects and Bats Webinar distributed via email.
Apr 04, 2023	March 2023 MFFN CAR E-Blast distributed via email.
Apr 18, 2023	A virtual meeting was held between IAAC and MNO to discuss archaeological work being done on the Ring of Fire Road Projects. The MFFN CAR Project Team / Consultants attended for transparency and understanding.
Apr 21, 2023	Spring 2023 Field Notice distributed via email.
Apr 24, 2023	A virtual meeting was held between IAAC and MNO to discuss archaeological work being done on the Ring of Fire Road Projects. The MFFN CAR Project Team / Consultants attended for transparency and understanding.
Apr 27, 2023	A virtual meeting was held between the MFFN CAR Project Team and MNO to discuss archaeology concerns specific to the Project.
Apr 28, 2023	April 2023 MFFN CAR E-Blast distributed via email.
May 31, 2023	Email sent to circulate ATRI Forum comment and response summaries to participants. A thank you note and comment summary was attached and a meeting was offered.

Summary of Feedback Received and Response / Action - Métis Nation of Ontario (MNO)				
Topic / Issue Raised	Specific Issue / Comment Raised	Communication Channel	Response / Action	Addressed in the EA / IS
Aggregates, Alternative Means	<p>Route Evaluation</p> <ul style="list-style-type: none"> <li>On January 27, 2023, the MNO noted in their feedback on the Interim RoCE, that there are ongoing concerns related to the Southern portion of the Project area where it would connect with the Anaconda / Painter Lake Road, specifically as it relates to cumulative effects, traditional land use and climate change. It was requested that the MFFN CAR Project Team continue to follow-up on receiving traditional land use information when it becomes available and opportunities to provide feedback will continue throughout the EA / IA. MNO also requested the evaluation identify the preferred route, temporary infrastructure and aggregate sources with the least potential for negative effects, greatest opportunity for mitigating negative effects and greatest benefit to the community.</li> </ul>	<ul style="list-style-type: none"> <li>Email</li> </ul>	<p>Status: Ongoing</p> <ul style="list-style-type: none"> <li>A response is being prepared.</li> </ul> <p>Action:</p> <ul style="list-style-type: none"> <li>The MFFN CAR Project Team will continue to provide updates on the Project and provide opportunities for feedback.</li> <li>MFFN CAR Project Team to provide a response to MNO's comments on the Interim RoCE.</li> </ul>	<ul style="list-style-type: none"> <li>Issue resolution is ongoing. Any unresolved issues and remaining expressed concerns will be documented in the EA / IS</li> </ul>
Cultural Heritage Resources (e.g., Archaeology)	<p>Archaeology</p> <ul style="list-style-type: none"> <li>On February 28, 2023, the MFFN CAR Project Team was cc'd on an email to IAAC where the MNO requested a meeting to discuss concerns regarding Métis archaeology on the CAR, WSR and NRL Projects.</li> <li>On a March 16, 2023 phone call between the MFFN CAR</li> </ul>	<ul style="list-style-type: none"> <li>Email</li> <li>Meeting (Virtual)</li> <li>Phone</li> </ul>	<p>Status: Ongoing</p> <ul style="list-style-type: none"> <li>On March 16, 2023, the MFFN CAR Project Consultant agreed a meeting between MNO key contacts and the MFFN CAR Project Team would be beneficial. The MFFN CAR Project Consultant noted that Victoria will be notified on whether the Project Team would like to hold a meeting separately or in combination with a meeting that had already been proposed between MNO and IAAC. The MFFN CAR Project Consultant reiterated the importance of holding a meeting as promptly as possible</li> </ul>	<ul style="list-style-type: none"> <li>The RoCE in the EA / IS will demonstrate feedback received and how it has been considered.</li> <li>The EA / IS will include a section on archaeology and cultural heritage.</li> </ul>

### Summary of Feedback Received and Response / Action - Métis Nation of Ontario (MNO)

Topic / Issue Raised	Specific Issue / Comment Raised	Communication Channel	Response / Action	Addressed in the EA / IS
	<p>Project Consultant and Victoria Stinson, Victoria elaborated on the issue MNO had related to archaeology which was raised in an email to the general Project email on February 28, 2023. Victoria noted that the methodology of the Stage 1 and Stage 2 Archaeological Reports was problematic as it only included “First Nations” or “European”, when Métis should fall under its own category. Victoria noted that this is a common issue as there is only one archaeologist in Canada who specializes in Métis archaeology. An email was sent the same day summarizing the phone call.</p> <ul style="list-style-type: none"> <li>On April 26, 2023 the MFFN CAR Project Consultant received an email from Erin Reimer, regarding the upcoming meeting between the MNO and MFFN CAR Project Team. Erin noted that the MNO mainly wanted to reiterate their concerns regarding archaeology in the reporting methodology. Erin added that the MNO would like to hear about how the MFFN CAR Project Team plan to address these concerns in upcoming stages of archaeological assessment.</li> </ul>		<p>to ensure no future deadlines are missed and ensure the feedback provided by MNO could be accounted for.</p> <ul style="list-style-type: none"> <li>On March 29, 2023, the MFFN CAR Project Consultant offered to hold a MFFN CAR specific meeting with MNO to discuss issues related to the archaeology report.</li> <li>Between February 28 and April 27, 2023, the MFFN CAR Project Consultant worked with MNO and IAAC to coordinate meetings to discuss the MNO's concerns related to archaeology. Three meetings were held.</li> <li>On April 18 and 24, 2023, a meeting was held between key contacts at the MNO and IAAC, which provided an overview of the Federal Impact Assessment process, presented the Agency's understanding of the proposed Ring of Fire Road Projects, discussed how archaeological work is being conducted for those projects as well as the Regional Assessment and allowed the MNO to provide feedback and ask questions. The MNO invited the MFFN CAR Project Team to attend for transparency and understanding. Meeting minutes are to be kept confidential.</li> <li>During the April 18, 2023, meeting The MFFN CAR Project Team agreed to meet with the MNO separately to discuss archaeology concerns specifically related to the MFFN CAR Project Area.</li> <li>During the April 24, 2023, meeting the MFFN CAR Project Team noted they would confirm who the archaeologists on the Northern Road Link and Webequie Supply Road Projects are. MFFN CAR Project Team confirmed they would meet on April 27, 2023 to discuss archaeology issues specific to the MFFN CAR Project area.</li> <li>On April 27, 2023 a meeting was held between key contacts at MNO and the MFFN CAR Project Team to discuss MNO's concerns relating to the Stage 1 and Stage 2 Archaeological Assessment Reports. The discussion was focused on general archaeology, archaeological potential, settlement patterns, rights assertion and Indigenous / Traditional Knowledge in relation to the MFFN CAR Project Area. The MFFN CAR Project Consultant then discussed timelines and outlined</li> </ul>

The first webinar is on November 15, 2022 from 4-5 pm EST on Animals and Wildlife. A link to register and submit questions was included. It was also noted that a recording will be available online after the webinar. A poster with details for the first two webinars was attached.</li> </ul>
November 15, 2022	Phone		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations)</li> </ul>	■ MFFN CAR Project Consultant	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant called Victoria Stinson, MNO, to introduce themselves and the purpose of the call and briefly summarized Project updates related to an upcoming PIC, a new webinar series, an extension to the Federal Impact Assessment and a workshop on ATRI. Victoria explained that the MFFN CAR Project isn't on traditional Metis territory and that they main reason MNO wants to remain updated on the Project is there are a number of different animals important to MNO that have a broad range. Victoria added that there will be a new staff member on their team, but would wait to introduce that person through email when all necessary parties were cc'ed. Victoria also added that the MFFN CAR Project Consultant should always include Victoria and MNO community member Erin Reimer in the "to" line of emails and "cc" Margaret (President of MNO). Victoria informed the MFFN CAR Project Consultant not to email Margaret directly, rather to email Victoria and she would ensure Margaret received the message.</li> </ul>

The MFFN CAR Project Consultant thanked Victoria for taking the time to talk and provided updates on the MFFN CAR Project including details about the upcoming PIC #4 in Thunder Bay on December 7 and Geraldton on December 8, the new webinar series about Valued Components, the request for an Impact Statement extension from IAAC and notification of upcoming ATRI workshops.</li> </ul>
November 22, 2022	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations)</li> <li>■ Margaret Froh (President)</li> <li>■ Alexandra Kosmides (Councillor)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Team</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Team emailed an invitation for PIC #4 to MNO. The PIC will be in Thunder Bay on December 7 and Geraldton on December 8. The event will be in an open house format and include new updates, how feedback is being considered, route alternatives and early findings from field studies. PIC #4 will provide an opportunity to share feedback, ideas and values related to the CAR.</li> </ul>
November 25, 2022	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations)</li> <li>■ Margaret Froh (President)</li> <li>■ Alexandra Kosmides (Councillor)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Team</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Team emailed the November E-Blast to MNO. The E-Blast included an invitation to PIC #4 in Thunder Bay on December 7 and Geraldton on December 8. A link was provided for the recording from the webinar on November 15 and registration for the next webinar on November 29 on Surface Water, Fish and Fish Habitat. It was noted that the Groundwater and Geochemistry Monitoring Testing and Sampling Program has been extended until December 2022. Upcoming field studies include the Bird Autonomous Recording Unit Program between January and February 2023, Ungulate Aerial Winter Surveys in January and February 2023, Furbearer Ground Tracking in February and March 2023 and the Wolverine Hair Snag Surveys from February to May 2023. The E-Blast noted that a timeline extension request for the IS was submitted and the Agency will be notifying Indigenous communities and the public about the request and provide an opportunity to review and comment.</li> </ul>

### Consultation and Engagement Log - Métis Nation of Ontario (MNO)

Communication Date	Method of Engagement	In	Out	Contact Name (Title)	Project Team	Summary
November 28, 2022	Phone		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Consultant</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant called Victoria Stinson, MNO, to notify MNO of the upcoming PIC #4, which would take place on December 7, 2022 in Thunder Bay on December 8, 2022 in Geraldton. Victoria mentioned several community members would be attending both the Thunder Bay and Geraldton PICs. Victoria added that MNO are only going for information and recognize that MFFN are the leaders of the Project. The MFFN CAR Project Consultant confirmed that another MFFN CAR Project Team member responded to Victoria's question regarding the previous webinar about wolverines and would send over the recording of that webinar in an email following the phone call. The MFFN CAR Project Consultant noted that another webinar would be happening Tuesday November 29th and would send the registration information in an email. Victoria noted there has been discussion in the community that a lot of the elders would prefer having a virtual option for PICs, and asked if the project team could consider this in the future for similar events. The MFFN CAR Project Consultant inquired if there was a specific reason why some of the community was going to Thunder Bay for the PIC and some were going to Geraldton. Victoria noted it was for convenience as some members live in Thunder Bay and some live in Geraldton.</li> </ul>
November 28, 2022	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations, Métis Nation of Ontario)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Consultant</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant emailed Victoria Stinson, MNO, as a follow up to a phone call made on November 28th, 2022. The email provided details about the upcoming PIC #4 in Thunder Bay on December 7, 2022 and Geraldton on December 8, 2022 and the upcoming webinar about Surface Water, Fish and Fish Habitat on Tuesday November 29th. The MFFN CAR Project Consultant also included the link to the previous valued components webinar on Wildlife.</li> </ul>
December 01, 2022	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager of Lands, Resources and Consultations)</li> <li>■ Margaret Froh (President)</li> <li>■ Erin Reimer (Mineral Development Advisor)</li> <li>■ Alexandra Kosmides (Councillor)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Team</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant emailed a Winter / Spring 2023 Field Notice to MNO. ### Consultation and Engagement Log - Métis Nation of Ontario (MNO)

Communication Date	Method of Engagement	In	Out	Contact Name (Title)	Project Team	Summary
January 20, 2023	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager)</li> <li>■ Erin Reimer (Mineral Development Officer)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Consultant</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant sent an email to Victoria Stinson, MNO, providing the Google drive link to the Interim RoCE and Milestone #1 Reports. The MFFN CAR Project Consultant noted the January 31, 2023 deadline to provide feedback on the reports but noted that if more time was needed to let the MFFN CAR Project Consultant know.</li> </ul>
January 27, 2023	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager)</li> <li>■ Erin Reimer (Mineral Development Officer)</li> <li>■ Margaret Froh (President)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Team</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Team emailed a follow up to the Winter Field Notice issued in December 2022. It was noted that field crews are set to begin the furbearer winter tracking field program on January 29, 2023. Field crews will be out for five days, however the program may be extended in the event of weather delays. Links to the field notice, video on furbearers and webinar recording on animals and wildlife (including furbearers) were included.</li> </ul>
January 27, 2023	Email	x		<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager)</li> <li>■ Erin Reimer (Mineral Development Officer)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Consultant</li> </ul>	<ul style="list-style-type: none"> <li>■ The MFFN CAR Project Consultant received an email from Erin Reimer, Mineral Development Advisor, MNO, which provided a response to the Interim RoCE Reports which were sent out on December 6, 2022. Erin stated that the MNO did not have specific comments relating to the consultation reports, apart from requesting continued follow up as outlined within the reports and which she provided further details on. Erin elaborated that ongoing MNO concerns related to the southern portion of the Project area where it would connect with the Anaconda Painter Lake Road, specifically as it related to traditional land use, cumulative effects, and climate change. Erin noted that action on behalf of the MFFN CAR Project Team in the past would be appreciated to be continued. Those actions were: continuous follow-up on receiving traditional land use information as it became available, opportunities to provide feedback throughout the EA / IA, and the evaluation would identify the preferred route for the Project, necessary temporary infrastructure and aggregate sources with the least potential for negative impacts.</li> </ul>

Victoria mentioned this in an email on January 9th. The MFFN CAR Project Consultant inquired about this as they had no record of calling the MNO in this timeframe. Victoria stated that she did not have an answer to this. The MFFN CAR Project Consultant inquired if the MNO would like the opportunity to meet directly with the MFFN CAR Project Team to discuss issues related to Métis archaeology reporting which was mentioned in an email from Victoria, sent to the general Project email on February 28, 2023. Victoria confirmed the MNO would like to meet with the Project Team, and added that the MNO first became aware of this issue at the Ontario Ring of Fire workshop. The MFFN CAR Project Consultant clarified whether Victoria meant the ATRI Forum which occurred in early February 2023, to which Victoria answered yes. Victoria then explained the issues in more detail, noting that in the current archaeology report, the methodology and language is problematic. This is due to the fact that archaeology is either classified as “First Nations” or “European”, however Métis should fall under its own category. Victoria noted that there is only one archaeologist in Canada who specializes in Métis archaeology and that this is a common issue that arises. Victoria requested a follow-up email be sent to her from the Project Consultant to ensure that there is a record of the conversation and so Victoria could ensure everything she said was interpreted correctly. The MFFN CAR Project Consultant and Victoria discussed coordinating a meeting between the MNO and</li> </ul>

						MFFN CAR Project Team, noting sooner would be better for reporting deadlines and that there was no preference about combining the MFFN CAR Project meeting with IAAC.
March 16, 2023	Email		x	<ul style="list-style-type: none"> <li>■ Victoria Stinson (Manager)</li> <li>■ Erin Reimer (Mineral Development Officer)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Team</li> <li>■ MFFN CAR Project Consultant</li> </ul>	<p>■ The MFFN CAR Project Consultant sent a follow up email to summarize a call between the MFFN CAR Project Consultant and Victoria Stinson. The MFFN CAR Project Consultant thanked Victoria for taking the time to talk, followed by a summary of their discussion regarding the Stage 1 and 2 Archaeology Reports. Victoria noted MNO's main concern was surrounding the terminology included in the draft of the archaeology reports. Specifically, that archaeology is classified as "First Nation's" or "European" when it should fall into its own category and that this issue first became apparent at the ATRI Forum in February 2023. Victoria mentioned that MNO requests a meeting between MNO key contacts and the MFFN CAR Project Team to discuss this issue in more detail. The MFFN CAR Project Consultant agreed and noted that Victoria will be notified on whether the Project Team would like to hold a meeting separately or in combination with a meeting that had already been proposed between MNO and IAAC. The MFFN CAR Project Consultant reiterated the importance of holding a meeting as promptly as possible to ensure no future deadlines are missed and ensure the feedback provided by MNO could be accounted for.</p>
March 17, 2023	Email	x		<ul style="list-style-type: none"> <li>■ Ring of Fire Project Email</li> <li>■ Victoria Stinson (Manager)</li> <li>■ Rachelle Lalonde (Impact Assessment Agency of Canada)</li> <li>■ Karen Prince (Impact Assessment Agency of Canada)</li> <li>■ Debra Myles (Impact Assessment Agency of Canada)</li> </ul>	<ul style="list-style-type: none"> <li>■ MFFN CAR Project Consultant</li> </ul>	<p>■ The MFFN CAR Project Consultant was cc'd on an email from Rachelle Lalonde, IAAC, to MNO. Rachelle noted another member of the Regional Assessment Team at IAAC had been in contact with Victoria and a meeting had been set up for April 6, 2023. Rachelle requested that in order to minimize the number of meetings held, that herself and the other members of the Agency's Regional Assessment Team join the meeting set for April 6, 2023. Rachelle noted another option could be to have a separate meeting just with the Regional Assessment Team. Rachelle also noted that if MNO wished to meet with Regional Assessment team separately to please specify which of the listed dates MNO preferred.</p>
