- Existing conditions results for completed studies;
- How Indigenous Knowledge is used and how it informs the process;
- How route alternatives will be assessed, recommended and a preferred route chosen;
- Cumulative Effects Assessment and why it is important; and,
- Next steps and future opportunities to get involved.

Secondly, there will be an upcoming Aboriginal and Treaty Rights and Interests (ATRI) forum between November 21 - 23 in Thunder Bay where cumulative effects will be presented. More precise dates and a formal notice will be shared soon.

Lastly, there will be a climate change workshop which you are invited to attend in the first quarter of 2024. As with the other events, a more formal notice and exact dates will be shared soon.

Good Afternoon Meagan,

I wanted to follow up on the voicemail I left for you yesterday regarding the MFFN CAR Project. Details related to the topics I mentioned in my voicemail are highlighted below.

Stage 1 Archaeological Assessment Report

The Stage 1 Archaeology Assessment Report was sent out to First Nations communities and Tribal Councils on June 3, 2024. I have reattached the link to the reports here: [REDACTED]

The Stage 1 Archaeological Assessment Report documents the archaeological and land use history, to determine whether there is potential for archaeological sites in the additional areas required for aggregate impacts. It incorporates a review of recent mapping, previous archaeological reports, and incorporation of any information collected from Indigenous communities.

If you could please complete your review and provide any feedback / comments you have by **August 2, 2024** that would be appreciated.

Upcoming Webinars

The Project's webinar series will be starting up again during the fall, and will be focused on cumulative effects, engineering and construction, and health and safety. I know you have indicated interest in joining the webinars previously, so I wanted to make you aware of these well in advance so you can keep an eye out for more details.

Contact Updates

I also wanted to ask whether there is another key contact at Nokiwin in Don's place or if you are the sole contact? Please let me know so I can update our master contact list as necessary.

Thank you and enjoy your weekend!
